- **Cable Connection:** One-sided
- **Cable length:** 1.2 m
- **Connector:** 3.4 mm stereo
- **Finishing of connector:** 24k Gold-plated
- **Type of cable:** OFC

## Product highlights

### 1.2 meter cable

The ideal cable length to give you the freedom to put your audio device where you want.

### 30 mm speaker driver

Compact for wearing comfort yet big enough to deliver crisp, powerful sound, the 30 mm speaker driver is a perfect size for non-distorted listening enjoyment.

### 24k Gold-plated plug

Rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

### Bass Beat vents

Bass beat vents allow air movement for better sound with a deep rich bass.

### CCA W voice coil

By using top-quality Copper Cladded Aluminium Wire (CCA W) in the headphone driver's voice coil, the sound quality is considerably improved.

### Comfort ear cushions

The special shape and luxurious materials used for the ear cushions ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

### Interchangeable caps

Choose one of the three interchangeable earpiece cap sets, each with different styling and colours, to suit your taste and mood.

### Neodymium magnet

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

### Single-sided cable

The cable is conveniently connected to just one side, considerably reducing the risk of tangling and simplifying winding the cable up for storage.
